27 November 2008

Dear Mr Gough,

West Midlands Forum Common Standard For Equalities in Public Procurement
Level of Accreditation

I am pleased to inform you that your company has achieved **Level 2** of the Common Standard¹.

This letter confirms that your company achieved the above level on **26 November 2008** and may be used as evidence when applying to be included on standing lists operated by any members of the Forum.

The accreditation which is for a 3 year period is in respect of Equal Opportunities **only** and that you are still required to satisfy any other criteria required by any Forum members that you apply to before being admitted onto their Standing Lists.

If you require any further information please contact me on the above number.

Yours faithfully

Lynn Venables
Procurement Officer

¹ As part of the Council's commitment to equal opportunities firms must demonstrate that they comply with equality in employment legislation and meet the requirements of the WMF Common Standard. The levels of the Standard become more demanding dependent upon employee numbers - sole traders and firms employing less than 5 employees face minimum requirements, firms employing up to 49 staff must achieve Level 1 and firms with 50 or more staff need to meet more comprehensive criteria and must achieve Level 2.
